MANUFACTURERS OF

Electric Hoists

Complete Standard line of Hoists of any capacity and any power circuit; single or double drum; sizes 1-2 to 3,000 H. P. In use in the principal mines of the United States, Canada and Mexico.

Crushing Rolls, without Springs

Rolls with rigid bearings give absolutely uniform product; no over-size; very simple, strong and low-priced.

Mine Timber Framing Machines

Frame round or square timbers to uniform length and required shape, ready to go into place. Will do the work of twenty carpenters in one-tenth the time, and will do it right. Only standard machine made.

Stamp Mills

We have built the largest stamp mill in Colorado, comprising all steel buildings, and a two-mile wire rope tram, with steel terminal buildings. All machinery driven by electric motors.

Concentrating Machinery

Richards Pulsator Jigs and Classifiers. The most important inventions in the field of ore concentration in the past fifteen years. The remarkable claims we make for these machines are fully substantiated by the performance of numerous machines in successful operation.

The Isbell Concentrator

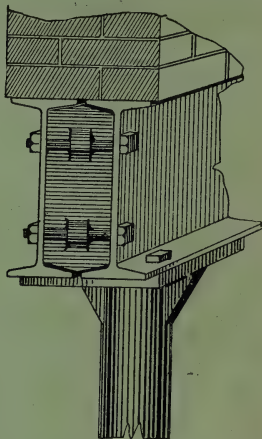

The most radical departure in table construction that has been made in 50 years. The Isbell Concentrator is a reciprocating motion table, but there is no cross wash water. Combines the functions of a jig, a classifier, a concentrator and a vanner. Will treat a mixed feed of 1-8 of an inch to slime and save as much of the slime as any slime table. The capacity of this concentrator is greater than any table on the market.

Tube Mills

The modern machine for fine grinding. We furnished and installed the first tube mills in Colorado.

INTRODUCTORY

1914

DENVER DIRECTORY OFFICE,
June, 1914

This is the forty-second edition of the Denver City Directory.

It is presented with assurance that the experience gained during all these years has been used to excellent advantage in the publication of this volume.

The same care as formerly has been taken throughout to make the Denver City Directory in its scope of usefulness the equal of any directory published.

In a city the size of Denver the changes—even in one month—are many, and to follow them up, and get them accurately noted and recorded, is no easy task. By our duplicating system of securing the names both at places of business or employment and at dwellings, by rechecking and recanvassing, there is but small chance of any being overlooked.

The directory publisher realizes that in no publication is it more desirable or necessary that the spelling of names, as well as occupation and address, is correctly given. It ought to be kept in mind that in order to find a name one must know how to spell it. Yet the directory is sometimes blamed because a name cannot be found, when the trouble really is that it has been looked for in the wrong place. Mistakes are seldom due to negligence on the part of the name-taker, but rather to the carelessness or indifference of the person furnishing the information.

The Denver Directory has the advantage of the most perfect system, having been made by the same people for forty-two years. The work has been perfected from time to time, until it has reached a finished condition of accuracy and completeness.

The publisher takes pleasure in thanking the public for the uniform courtesy extended to its representatives, and for the liberal patronage bestowed upon the work.

Very respectfully,

THE PUBLISHER.

BALLENGER & RICHARDS

STREET AND AVENUE
GUIDE

TO THE
CITY OF DENVER

Entered according to act of Congress in the year 1908 by
BALLENGER & RICHARDS
In the office of the Librarian of Congress, at Washington

EXPLANATION TO STREET GUIDE.

It will be noticed that in this Street Guide the names of the streets are mentioned in alphabetical order, giving the course in which they run, as near as possible, to all points of the compass, and enumerating all streets which cross the same in the order in which they occur, except on such streets as are crossed by numeral streets or avenues exclusively.

The decimal system of numbering being adopted, one hundred numbers are assigned to each square, giving one number to each twelve and one-half feet, or two numbers to each lot of twenty-five feet, beginning at the Platte River on the west at 0, and 100 at First street, increasing northeasterly on Larimer and all streets running parallel.

Streets crossing Larimer are numbered from Broadway increasing northwesterly. On Broadway and on streets running parallel with same the numbers increase northward and southward from Ellsworth avenue at 0. Avenues crossing Broadway are numbered east and west from Broadway at 0, prefixing the word West to that portion of the avenue west of Broadway, as follows: West Twelfth avenue would apply to that part of Twelfth avenue west of Broadway.

All West avenues run parallel with West Colfax avenue and from West Sixteenth avenue north to West Fifty-second avenue are located north and west of the Platte River. All other avenues run parallel to Colfax avenue.

For convenience in locating the streets and avenues, we have used the most prominent streets, avenues, boulevards and the Platte River as locating points.

STREETS AND AVENUES.

ACOMA,

First west of Broadway, numbered north from West Ellsworth av at 0, crossed by numeral avenues to West Colfax or Fifteenth av and from West Forty-second av at 4200 to north limits.

ADAMS,

north from Col-
fax av at 1500 to
Seventeenth av
and from Nine-
teenth av at 1900
to Twentieth av.

FILLMORE.

Twenty-ninth east
of Broadway,
numbered north
from Ellsworth
av at 0, crossed
by numeral ave-
nues to Seven-
teenth av and
from Twenty-
sixth av at 2600
to north limits.

FIR.

Twelfth east of
Colorado Boule-
vard, numbered
north from Ells-
worth av at 0,
crossed by nu-
meral avenues to
north limits.

FIRST.

First east of
Platte River,
from Larimer
northwest to
Platte River.

Larimer 1300

The Association of American Directory Publishers

Headquarters, 202 E. Twelfth Street, New York
Organized November, 1898

OFFICERS:

President, J. L. HILL, Richmond, Va.

First Vice-President, R. H. DONNELLEY, Chicago.

Second Vice-President, W. H. LEE, New Haven, Conn.

Secretary-Treasurer, W. H. BATES, New York

TRUSTEES:

W. H. LEE, New Haven.

WM. E. MURDOCK, Boston.

R. L. POLK, Detroit.

R. H. DONNELLEY, Chicago.

W. H. BATES, New York.

A. V. WILLIAMS, Cincinnati.

J. L. HILL, Richmond.

E. M. GOULD, St. Louis.

W. G. TORCHIANA, Philadelphia.

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

First—To improve the Directory business by the interchange of ideas, and by the exchange of competent employees.

Second—To protect the public against fraudulent advertising schemes, operated under the name of Directories, and to drive the promoters of such out of the business.

Third—To provide permanent and continuous employment for honest and faithful Directory canvassers.

Fourth—For the mutual advancement of the established and prospective interests of all who may become members of the Association.

\$100 REWARD

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on fraudulent Directories, provided the conviction results in imprisonment of not less than six months. In case of arrest, immediately telegraph

W. H. BATES, Secretary, 89 Third Avenue, New York.

The Basic Principles of Spinal Adjustments

J. HAMILTON JONES
Doctor of Chiropractic

Graduate of Dr. D. D. Palmer, discoverer and founder of Chiropractic. Having many years of experience, and a very large practice, is a specialist in modern specific Spinal Adjustments, using new, original methods—coil spring arch, and other methods, accomplishing adjustments in this manner where otherwise impossible. Also, together with compresses, when necessary, in softening tissues, greatly aiding in removing ankylosis, relaxing ligaments and muscles, and where there is great contracture and soreness of the spine, thereby permitting the replacement or adjustment of sub-luxated vertebra with a minimum of discomfort, which is marvelous and effectual in giving immediate relief in many obstinate and chronic cases.

WHY NOT BE WELL?

NO MEDICINE

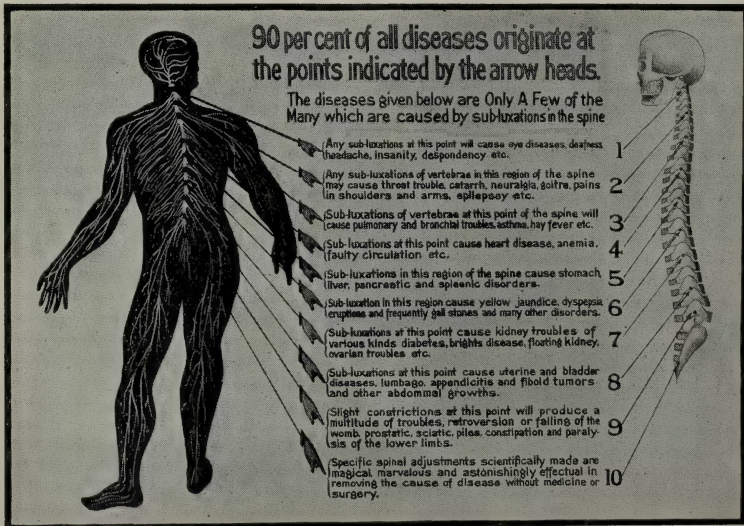

NO SURGERY

NERVES ARE LIFE

All nerves originate in the brain, converge at its base, forming the spinal cord, which passes out of the skull through an opening called the foramen-magnum into and through the center of the spinal column. From the spinal cord, nerve filaments emerge on each side of the spinal column through a small opening between each consecutive pair of vertebrae, from whence they proceed to the parts and organs into which they severally terminate. The vitality and activity of every organ, tissue and cell of the body is maintained and controlled by an inherent force or energy which is transformed or individualized by the brain and then transmitted, by nerves, to their respective parts and organs.

Chart of Specific Ramifications of the spinal nervous system, showing zones of disease as indicated by impinged nerves. Drawn and practiced by J. HAMILTON JONES, Doctor of Chiropractic.

Cut No. 3

J. HAMILTON JONES, Doctor of Chiropractic
SPECIALIST IN SPINAL ADJUSTMENTS

F. LUBBERT Ki-ro-prak-tor

327 to 329 Commonwealth Bldg.
15th, Corner Stout St.

Chiropractic is the new science of removing the cause of disease without drugs. It is based on a correct knowledge of the nerves from the great nerve center, the spine. We give below a few of the diseases which Chiropractic combats and puts to rout:

Appendicitis, Gall Stones, Neuralgia, Heart Disease, Liver Disease, Rheumatism, Stomach Trouble, Spinal Disease, Kidney Trouble, Paralysis, etc.

It is not Faith Cure, Christian Science, Magnetic, Osteopath, Massage or anything else but

DENVER, COLORADO

THE DENVER POST

CIRCULATION, 1913

Average, week-day, net paid.....62,000 copies

Average, Sunday, net paid.....90,955 copies

No other two Denver dailies combined printed as many copies all told as THE POST alone printed to supply paying subscribers.

THE DENVER POST printed in 1913 11,798.5 columns of advertising more than the next best Denver newspaper printed, and the advertising earnings of THE DENVER POST alone were as large as, if not larger than, the combined advertising earnings of all the other Denver daily newspapers.

THE DENVER POST prints more classified or "Want" advertisements than all the other daily papers in Denver, Colorado, New Mexico, and Wyoming combined print. This is not said in the way of a boast, but simply to prove to you in what esteem THE DENVER POST is held by advertisers.

In the year 1913 THE DENVER POST printed 479,565 separate classified or "Want" advertisements. The next best Denver daily newspaper printed 210,613 separate classified advertisements.

ADVERTISING RATES

DISPLAY

Unit of measure, the agate line, 14 lines to the inch.

WEEK-DAYS, PER INSERTION

One inch, single column

Per line..... 9c

Per inch.....\$1.26

**WILLIAMSON-HAFFNER
COMPANY**

Occupying the Entire Building at

FOURTEENTH AND ARAPAHOE STS.
DENVER

- ¶ Is engaged in the creation and manufacture of the kind of engraving and printing that brings results.
- ¶ This is the sort of service that you must have to meet the demands of modern merchandising.
- ¶ The old way of getting out "something" to serve your purposes is a thing of the past.
- ¶ You must have literature that is carefully planned to produce sales.
- ¶ This kind of printing requires brains as well as adequate mechanical equipment.
- ¶ You can get both in our output.
- ¶ Put your problems up to us and see the difference.
- ¶ Let us produce for you Catalogs, Booklets, Circulars, etc., that will bring results.
- ¶ Keep this suggestion in mind.
- ¶ Try the "different" kind of service once and you will never go back to the old way.

Beeler's Official Map of Denver 1915

APPROVED BY THE CITY ENGINEER

This is the last word in Wall Maps.

A beautiful picture of Denver—the Queen City,
its Parks and Boulevards.

Eventually you will get one.

Why not now? All kinds of maps made to order.

THE Denver Crematory

LOCATED AT
Riverside Cemetery, Denver, Colo.

For the Incineration of Human Bodies Only

This Crematory, now in daily operation, is constructed upon the most modern and scientific plan, complete in every detail, and is one of the best in the world. Time of incineration about sixty minutes. Casket cremated with the body. Ask or write for booklet containing full information. Charge for cremation of adult \$50.00.

Total cremations to March 1st, 940.

Telegraph, telephone or write to Secretary, 103 First National Bank Building, who will make all arrangements.

(OVER)

Cremation of Human Bodies

Cremation is unquestionably the coming method of disposing of the dead. There are many reasons why it will grow in favor. It is economical and sanitary, as well as the most reverent and decent treatment of the bodies of the dead, and one that is in entire accordance with Christian belief.

Think of the loathsomeness of the grave, and compare the slow process of years of decomposition with the beautiful burial by fire, not in the flames, as many under misapprehension are led to believe; during the whole incineration, there is nothing in connection therewith that can shock the feelings of the most sensitive, no flame, no odor, no smoke, no noise, to grieve the bereaved, but in the rosy glow of light, cremation accomplishes in about sixty minutes, what mother earth requires full fifty years.

DESCRIPTION OF A CREMATION

The act of reducing the human body to ashes, is attended with no possible cause for wounding the delicacy of mourners or friends, or for arousing any feelings of repugnance to the last rites herein performed. The casket is placed upon the movable pall in the Chapel, from whence, after the religious service, if any, it is taken to the preparation parlor. There, in plain view of all assembled, and without removing any part thereof, is silently and gently pushed into the opening of the retort, the impression left is similar to that when a body is placed in its crypt in the family mausoleum. The door of the retort is closed, and neither sight, hearing, or sense of any kind is conscious of the work that follows. The atomized oil and air is now applied into the retort, which quickly generates gas in immense volume, and the intense heat within sixty minutes reduces the body to ashes. Only the ashes of the bones remain, and they are carefully removed from the retort, and placed in a copper urn, labeled and ready for delivery to the owner.

ANSWERS TO QUESTIONS

We have two retorts with the latest improved air and oil atomizers, and can cremate four bodies per day. Crude petroleum is used.

The oil is forced into the retorts at a temperature of 100 degrees. The retort, previous to incineration, is heated to a temperature from 800 to 1,000 degrees Fahrenheit. This produces effective atomizing, therefore, high efficiency.

Temperature of retort at the time of cremation is 2,500 to 3,000 degrees Fahrenheit.

There is no flame, no smoke, no odor, no noxious gases, all being consumed by action of intense heat.

Not less than two witnesses are always present when casket is placed in the retort.

The body may be seen during the entire time of incineration.

The body is not removed from the casket or even touched or handled by any one.

There are no ashes from the casket, all being consumed by the intense heat.

The screws, nails, tacks and other metallic substances of casket are removed from the ashes by a powerful magnet.

The weight of ashes is from four to eight pounds according to size of deceased.

The public is invited to inspect the buildings and apparatus of The Denver Crematory at any time.

The Association of American Directory Publishers

Headquarters, 202 E. Twelfth Street, New York
Organized November, 1898

OFFICERS:

President, J. L. HILL, Richmond, Va.

First Vice-President, R. H. DONNELLEY, Chicago.

Second Vice-President, W. H. LEE, New Haven, Conn.

Secretary-Treasurer, W. H. BATES, New York

TRUSTEES:

W. H. LEE, New Haven.

WM. E. MURDOCK, Boston.

R. L. POLK, Detroit.

R. H. DONNELLEY, Chicago.

W. H. BATES, New York.

A. V. WILLIAMS, Cincinnati.

J. L. HILL, Richmond.

E. M. GOULD, St. Louis.

W. G. TORCHIANA, Philadelphia.

THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

First—To improve the Directory business by the interchange of ideas, and by the exchange of competent employees.

Second—To protect the public against fraudulent advertising schemes, operated under the name of Directories, and to drive the promoters of such out of the business.

Third—To provide permanent and continuous employment for honest and faithful Directory canvassers.

Fourth—For the mutual advancement of the established and prospective interests of all who may become members of the Association.

\$100 REWARD

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on fraudulent Directories, provided the conviction results in imprisonment of not less than six months. In case of arrest, immediately telegraph

W. H. BATES, Secretary, 89 Third Avenue, New York.
